

## **2016 PSW teleconference series: The Elements of Zero Suicide.**

Each teleconference will introduce you to one of the elements of the Zero Suicide model and provide a concrete strategy that you can begin to implement in your organization or community.

- March 15: The First Step: Evidence-Based Suicide Screening Across Medical & Mental Health Facilities
- May 17: Safety Planning
- September 20: Collaborative Assessment & Management of Suicide
- November 15: The Elements of Zero Suicide; Training the Workforce; 2016 Coalition Survey Findings
