Dear
we have been trying to contact
you by Phone and have not
been able to reach you. We want
to make sure you are OK and see
if there is anything else we
can do to help you or support
you. Please know that you
matter and we are here 24 hrs
per day, even if it's just to talk.
I have enclosed a business card
with our number, the Peer
line number, and information on
my strength. Again, we are
here to listen and help.

Take care
